RAISING MONEY ONE STEP AT A TIME TO SUPPORT INTERNATIONAL SKI JUMPING AT PINE MOUNTAIN!

Karen Blackhall is a National Ski Patrol member and volunteers her talents at Pine Mountain Resort in Iron Mountain, MI. In 2020, Karen had just completed her toboggan training and realized she needed to return to the top of the mountain to grab her ski poles. She jumped on the chairlift and before she reached the top, suffered a significant stroke that severely affected her entire left side. Through lengthy physical therapy sessions, Karen has regained some use of her leg but it has not been without challenge. In addition to PT, Karen and her husband Steve have utilized the cement steps at the Pine Mountain Ski Jump to try and strengthen her legs. This is when the unselfishness of Karen and Steve shined through - (Karen)“why don't we use my stair climbing efforts to raise money to help pay for the new ski jump?”
